

Notification of Price Increase from 1st September 2026

I am writing to inform you that effective from 1st September 2026 our hourly rate will be increasing to:

Privately funded sessions - £49 including VAT per hour

Funded sessions - £51 excluding VAT per hour

This represents a small 2% increase, just £1 per session, allowing us to continue delivering the highest-quality mentoring and support to the young people we work with.

This is the first price increase we've made, and we've worked hard to keep the adjustment as minimal as possible. This change will help us continue to provide the high-quality support, staffing, and resources that make MindJam such a positive and consistent experience for the young people we work with.

We are committed to keep MindJam as accessible and affordable as possible while continuing to invest in our mentors, administration, safeguarding, training and the quality of support we provide.

MindJam remains focused on supporting young people's emotional wellbeing, building confidence and self esteem, and providing meaningful, compassionate mentoring to young people, helping them thrive in every aspect of their lives.

We are now proud to be an **AQA Centre**, an **ASDAN centre**, and a **Trinity Champion Centre**, enabling us to guide young people through **AQA Unit Awards**, **ASDAN Awards**, and **Arts Awards**, that recognise their achievements and growth.

Alongside our one-to-one mentoring, we also offer:

Group sessions - promoting teamwork, communication, and social confidence.

BlockJam sessions - Counselling through Minecraft.

MindJam Counselling - Traditional talking therapy.

MindJam Futures: Empowering futures through personalised learning & accredited life skills. A dedicated support team to explore further options within MindJam and beyond.

Adventure Guild - Dungeons and Dragons (D&D) based group session exclusively for young people with MindJam.

At the heart of our continued growth, MindJam remains dedicated to providing highly trained, experienced, and inspirational mentors who create lasting positive change and help every young person realise their full potential.

For further details of all the services we offer, please view our website at www.mindjam.org.uk.
